Who are we?

The Duisburg Schools Parents Association -EDuS- was founded in May 2016 and represents the school policy level city **school council in Duisburg**.

We see ourselves as representing **the interests of all parents with children and young people at Duisburg schools**.

Extract from the Articles of Association:

"The tasks of the municipal school board result from the constitutionally guaranteed **right of parents** and entitled to **participate in the organization of the school system** and to represent the interests of the students of the city. The tasks include matters that go beyond responsibility of the individual school board."

We are confessionally and politically **independent** and unaffiliated, but **work closely** with associations, trade unions, politics and administration.

Where do we operate?

How do we work?

We meet regularly -every first Monday of the month in the office or in the beer garden- to talk about current topics and concerns, to discuss the plan of the next school committee meeting and to exchange ideas in general. Everyone is welcome, if you are interested just let us know and we will confirm the next date.

What can everyone do?

A community of interests is even stronger when more people belong to it.

Anyone who would like their school to be represented by the EDuS is very welcome to be there.

Let's work together to ensure a good school for everyone.
